House rules

Thank you for treating Casa Torres, our village and our neighbours with care. Here are the essentials for a comfortable stay.

Arrival	Departure	Quiet hours
12:00–22:00	12:00	23:00–08:00

01 Guests & visitors

Up to six adults and children may stay. Declare everyone on the booking, including infants; infants do not count towards the six-person limit. Visitors require prior permission from Nick and Julie and must never stay overnight.

02 Arrival & departure

Check in from 12:00 to 22:00; check out by 12:00. Guests aged 16 and over must provide their registration details before or on arrival. Include all adults, children and infants on the booking and follow your hosts' registration instructions.

03 Peace & quiet

No parties, events, gatherings or group celebrations. Quiet hours are 23:00–08:00; respect neighbours at all times, especially on the terrace. Keep music considerate. No large speakers, sound systems or subwoofers; a small Bluetooth speaker is provided.

04 Pets, by arrangement

Please ask before bringing a pet. The usual allowance is one medium-sized dog at €20 per stay. Two small dogs may be accepted at the hosts' discretion, with advance agreement. Never leave pets unattended in the house or on the terrace. Keep them off beds, sofas and soft furnishings; take them outside the property for toileting and clean up all waste. Guests are responsible for pet damage, additional cleaning and disturbance.

05 Smoking

Smoking is allowed only on the terrace. Use the ashtray and fully extinguish cigarettes before disposal.

06 Cooling the house

We aim to provide air conditioning free of charge; please use it responsibly to help manage energy costs. Never set it below 25°C. We recommend around an hour before bed with a two-hour off timer. Keep ceiling fans at medium speed or below for safety and maintenance. Turn off air conditioning, fans, electronics and lights when you go out.

07 Look after our home

Eat in the dining area or on the terrace, never in bedrooms. No deep fat frying; use the air fryer provided. Do not move fixed or large indoor or outdoor furniture, beds or mattresses. Lock doors and close windows when leaving. Report breakages, damage or problems promptly. You are responsible for the cost of damage caused by you, your pets or unregistered visitors.

08 Rubbish & recycling

The street bins opposite the house are grey for general waste, blue for paper and cardboard, yellow for cans, plastics and drink cartons, and green for glass.

09 Parking & departure checklist

Free parking is available on the street outside the house or in the large area near the bench just before the property. Before leaving, wash the dishes, dispose of rubbish and leave the house clean and tidy.

10 A good neighbour

Please respect the house, terrace, neighbours and surrounding area. Serious breaches, disturbance, unauthorised guests or unapproved pets may lead to cancellation and removal without refund, subject to the booking platform's rules and applicable law.
